Description

Latin Name : Pelargonium Graveolens & P/Rosa Egypt Essential Oil Blend
Rose Geranium Essential Oil is an active ingredient in some cosmetic products, like lotions and fragrances. A 2017 review of studies demonstrated that antioxidant properties in rose geranium oil may help reduce the signs of aging. Antioxidants are well-established as natural agents for improving your skin's ability to heal itself from environmental toxins and exposure. Rose geranium oil has strong antimicrobial, antifungal, and antiviral properties.
