Description

Fight flab, attack cellulite and get squeaky clean using the power of aromatic oils and the exfoliating properties of eco-jute. May visibly smooth and improve the skin's texture, and could help boost circulation. An intensive exfoliating soap and scourer that instantly deep cleanses and could help stimulate circulation, improving skin tone. Aromatherapists claim that regular use may help to break down toxins in the skin, reducing the build-up of fatty deposits that create uneven skin texture.
