Description

Latin Name: Rosa CentifoliaPart of Plant Used: PetalsSource: MoroccoExtraction Method: Solvent Extract5% Dilution in Grapeseed OilRose Essential Oil is more than just a pretty, floral scent. It has several therapeutic properties that makes it amazing in skincare products. Rose Absolute has several therapeutic properties, including antidepressant, antiseptic, astringent, calmative and sedative. Rose Essential Oil is known for its antidepressant agents. It helps boost confidence, mental health and fights depression! Most acne occurs when there is an overproduction of sebum in a person's pores, but increased bacteria plays a huge part in the development of acne too. Luckily, Rose Essential Oil has several properties that will reduce acne, including astringent, antiviral as well as bactericidal.
