

Digestive Enzymes Daily

Brand: Lindens
Product Code: L28
Availability: 10
Weight: 0.10kg

Price: £8.99

Short Description

Lindens Digestive Enzymes Daily is a formulation of Betaine which contributes to normal homocysteine metabolism, fortified with enzymes that play a part in digestion, all in one simple easy-swallow tablet.

Description

- Enzymes break down food in the gut
- They help to release nutrients
- Betaine HCl, papain, amylase and lipase
- Betaine contributes to healthy homocysteine metabolism

Lindens Digestive Enzymes Daily is a formulation of a number of digestive enzymes which play a role in breaking down food and helping to release nutrients during digestion.

Our formula contains Betaine (as hydrochloride) which contributes to normal homocysteine metabolism, Papain, a natural enzyme found in papayas that helps to break

down meat, Lipase, an enzyme which breaks down fats and lipids and amylase, which breaks down starches like bread and pasta.

Calcium contributes to normal:

- blood clotting
- energy-yielding metabolism
- muscle function
- neurotransmission
- function of digestive enzymes
- bones and teeth
- regulation of cell division and differentiation

With Lindens®, you can expect:
